

# Suspension of the Villager Bus Service

The Parish Council have received notification that following the government announcement of a second lockdown the Villager Bus Service will unfortunately be suspended from Thursday 5<sup>th</sup> November 2020 until further notice.

If you have problems with transport or are in need of help due to the Covid 19 outbreak please go to the Little Rissington Website [www.littlerissington.net](http://www.littlerissington.net) where you will find a list of volunteer drivers.

I am afraid that I must again tell you that we have decided that all Villager services will be suspended again for the second lock down, starting this Thursday, 5th November. We have not wanted to do this, but the medical advice is getting stronger by the day that we must all avoid contact with other people particularly the elderly and vulnerable, who make up 95% of our passengers (and 80% of our drivers). We feel that this step is necessary to protect our passengers and drivers and to try to slow the spread of this disease.

We will be putting a notice on our website, as well as letting as many passengers as we can know by phone of the suspension but should be most grateful if you could let your residents know by notices, newsletter or by putting a notice on your bus stop.

Keith Gowing  
Chairman  
The Villager
